

## Where's the "HELP"

*Note: "Help" is often represented by a '?' instead of the word 'Help'*

### Finding "Help" on Personal Genealogy software

1. Family Tree Maker  
Top Left side on the bar with, "File Edit View Person Tools **Help**"
2. Roots Magic  
HELP tab at far right of Tool Bar (words at top of screen)

### Finding the "Help" on various websites:

Finding "Help" on Common Websites – ask **one specific** question (try to avoid distraction)

1. Ancestry.com
  - a. Home page – right side "Products and Services"  
select: Visit Ancestry Academy  
includes help on personal software
  - b. Select HELP tab  
Support Center
2. FamilySearch.org
  - a. Question mark with circle around it on right side of any screen
  - b. Search tab– Research Wiki at bottom of drop down list  
Can search by location or topic, NOT a place to search for names
3. FindaGrave.com  
"Search Tips" to right of Search button at bottom left  
Help Center at bottom of Search tip

### Websites to Use for Searching for Help

1. Cyndislist.com - Giant genealogy search engine – by location or subject
2. Generic - Google/search engine - Just try it and be amazed
