

State Censuses

Can be as important as the Federal Census because some states took their censuses in-between the Federal Census years, ending in "5". Many asked different questions. These censuses can be found online, at state archives or state libraries.

Partial List of the Best States with Continuous Censuses:

Alabama	Mississippi
Alaska	Missouri
Arizona	Nebraska
California	New Jersey
Florida	New York
Georgia	Oregon
Illinois	Rhode Island
Indiana	South Dakota
Iowa	Virginia
Kansas	Washington
Michigan	Wisconsin
Minnesota	

No Census Records are Known to Exist:

- Connecticut
- Idaho
- Kentucky
